

## **The Chief of Xinjiang Kash Yinjisha County PSB Visited Anxin-China for Investigation and Study**

(Shenzhen-Nov.20<sup>th</sup>, 2013) The leader group from Xinjiang Yinjisha County Public Security Bureau, visited Anxin-China for investigation and study. Accordingly, M. Huang Zhiwei the deputy manager of marketing center received them sincerely, and both sides made a further discussion on the construction of safe city in Yinjisha County.

Anxin-China's marketing personnel introduced the group's development conditions and core technical edges, as well as the successful cases of ISS in construction are of safe city. Here, M. Wang the chief of Xinjiang Yinjisha County Public Security Bureau, spoke highly of the achievements Anxin-China attained in constructing safe cities, and then asked a series of questions about the executive plans of safe city. Anyway, technical personnel answered each of these questions.

Anxin-China's iVAS system were specially valued by Director Wang's attention intensely, because of its technical features, application areas, operation models, and successful cases. At the same time the technical personnel made a contrast between iVAS and traditional video detection, to highlight the features and edges of iVAS. Director Wang acknowledged that such an advanced technology could be applied into the construction of smart and safe cities, to promote those intelligent cities under a rather safe social environment, and thus Xinjiang Yinjisha County government would introduce Anxin-China's advanced technologies as soon as possible to improve the local safety construction.

However, the senior executives from Anxin-China confirmed that Anxin-China would spare no efforts to make contribution to the construction of safe city in Xinjiang Yinjisha County.
