

Anxin-China Discussed with Qianjiang Administration of Work Safety on Anxin's ISD Project

Qianjiang, Hubei-March,5th, 2013. the project group of Anxin-China, with the leadership of Anxin-China Sales Director Liu Hongbo and Project Director Liu Hongxing, went to visit Qiangjiang City Administration of Work Safety , and simultaneously have a passionate discussion with the main leaders of local Administration of Work Safety, including Director Li Taixiang and the Deputy-director Xiao Jingsong.

During the discussion meeting, Liu Hongxing made a specific introduction to the previous practical ISD construction experience as well as involved implementation conditions.

Indeed, Director Li Taixiang attached a big importance to the construction of ISD platform, and accomplished the primary discussion about the ISD system construction contained in the next stage. What more, Director Chen, Section Chief Zhang and Header zhang, all the above coming from Qiangjiang Administration of Work Safety, are appointed to go to Yingcheng ISD Command Center for further investigation and study on the morning of that day.

As the whole investigation was finished, both sides finally confirmed the initial intention of cooperation which signed the security production system became more mature and unified in China. 🌀
