

## **ANXIN-CHINA ISD System Project was Confirmed in Tianjin, China**

May 2<sup>nd</sup>, 2012. Tianjin, China. Liu Zhongkui as the CEO & chairman of ANXIN-CHINA , and Lin Supeng as the executive director of ANXIN-CHINA visited Tianjin security production administration and Tianjin Economy & Information Committee, and also participated in the Tianjin real-time monitoring and smart management system conference , and received warm reception from Yang Wenmi as the division chief of Tianjin security production administration, Li Chaoxin as the director of Tianjin Economy & Information Committee, and Xu Xiaoyang as the division chief of Tianjin Economy & Information Committee.

During the session, Mr. Liu introduced the contribution the ANXIN-CHINA ISD system could make to Tianjin's planned development progress for the participated leaders, who spoke highly of ANXIN-CHINA's products and hoped to cooperate with ANXIN-CHINA to promote the economy and security development of Tianjin City. Finally, director Li hoped ANXIN-CHINA to make a cloud service center to accelerate construction process of "safe & smart Tianjin" while ANXIN-CHINA cooperated with other companies to expand the application extent of cloud service.
