

Zhongxiang City Government Leaders of Hubei Province Visited ANXIN-CHINA for Investigation & Study

January 4th, 2013. Shenzhen City. Zhongxiang City Government leaders including Lu Xuexin as the senior vice-mayor, Jiang Zhaochun as the vice-mayor, Xiang Jun as the director of Public Security Bureau visited ANXIN-CHINA for investigation and study, and received warm reception from three general executives of ANXIN-CHINA, including Liu Zhongkui as the CEO & chairman, Wang Bo as the vice-chairman and Li He as the senior vice-president.

During the meeting, Chairman Liu made a brief introduction to products, business development models and human resource conditions of ANXIN-CHINA. Then, professional staff demonstrated the iVAS system for leaders, herein, who spoke highly of ANXIN-CHINA's products and technologies and also stated that Zhongxiang City needed iVAS to build a completely reliable security platform in order to protect the public safety conditions locally. Moreover, the Zhongxiang leaders hoped to provide more help and support to ANXIN-CHINA for confirming a long-term mutual cooperation in the future.

Actually, this visit& meeting indeed indicated that the iVAS system would get better promotion in Zhongxiang City and that ANXIN-CHINA was also expected to develop much better in China's security production surveillance field.
