

## Research Group of State Administration of Work Safety Visited Anxin-China Yingcheng ISD Project Base

Vice-director Liu Qiang of State Administration of Work Safety led the Research Group  
to visit Anxin-China's ISD Project Base in Yingcheng

( Yingcheng, Hubei-April 17, 2013 ) A specialized research group formed by both State  
Administration of Work Safety and China Chemical Safety Association, including

vice-director Liu Qiang of Supervision Department of SAWS and Advisor Cui Mupin of CCSA , visited Anxin-China Yingcheng ISD Command Center for further research and investigation. The whole research group also included Director Lu Xiaoping of Guangxi Dangerous Chemical Processing Department, Researcher Lu Xun of State Administration of Work Safety, Chief Engineer Liu Qixiao of Hubei Administration of Work Safety, Director Kong Fanrong of Hubei Administration of Work Safety, Vice-mayor Qiu Pinggui of Xiaogao City People' s Government, Director Huangyi of Xiaogan Administration of Work Safety, Vice-director Peng Bangjun of Xiaogan Administration of Work Safety, Researcher Wang Chuanzhou of Xiaogan Administration of Work Safety.

In the accompanying of Wong Bo, the Vice-chairman of Anxin-China, the whole research group arrived at Anxin-China Yingcheng ISD Command Center for further investigation and study at one o' clock p.m. Herein, Wong Bo made a brief introduction about the present corporate scale and development conditions of Anxin-China to the whole research group. He didn' t explain about Anxin-China ISD Command Center from many significant aspects including planning, constructing, operating, maintaining and etc, but achieved an on-site presentation & demonstration about the ISD platform applied in industrial production and urban security surveillance.

Accordingly, Vice-director Liu Qiang of SAWS spoke highly of such an effective and practical platform achieved by Anxin-China, and continued to ask some more questions about how to construct this ISD platform. Moreover, after acknowledging the business construction & cooperation model of Anxin-China ISD platform in details, Director Kong Fanrong and vice-mayor Qiu Pinggui made a discussion concerning about the business cooperation during the conference; Both of them stated that they would largely promote the implementation of Anxin-China ISD platform in Xiaogan city, so as to fasten the development process of “Pingan Xiaogan” plan.
