

Representatives of ANXIN-CHINA Visited Zhongxiang City, Hubei

December, 13th. Zhongxiang, Hubei. Wang Bo as the vice-chairman of the board of ANXIN-CHINA and Li He as the Senior Vice President of ANXIN-CHINA, accompanied Liu Zhongkui as the CEO & chairman of ANXIN-CHINA to visit the City Police Department and Work Safety Department of Zhongxiang City, Hubei Province, for cooperative investigations and studies.

Herein, Chairman Liu had a further conversation with the mayor, the city public security bureau chief and the chief of Work Safety Department altogether, with the topic that how to largely promote the ISD system to form safe environment and manageable public traffic condition in Zhongxiang City. Then he visited the City Public Security Bureau while introducing the benefits of iVAS system in details. Accordingly, Mayor Lin spoke highly of the achievements the ANXIN-CHINA has made in the security industry in the past several years, and confidently stated that the iVAS entering into Zhongxiang City had improved the local safety environment and the city government would also substantially support the business development of ANXIN-CHINA therein. Finally, Chairman Liu invited those government executives to visit ANXIN-CHINA which would constantly grow up in China's central market through its powerful technical advantages.
