(Shenzhen- Nov.16th, 2013) The leaders from Yingcheng Administrative Committee of Development Zone, including Secretary Xi, Director Zhang and Director Zhang, visited

Anxin-China for investigation and study. Accordingly, Wang Bo the vice-chairman of Anxin-China' s board of directors, Huang Zhiwei the deputy general manager of Marketing Center, and Liu Hongbo the director of Sales Department received the investigation group sincerely, and then made a further discussion on the coming business cooperation.

At the beginning, M. Wang Bo represented the group company to greet the investigation team from Yingcheng Administrative Committee of Development Zone. After that, personnel from Anxin-China' s Marketing Department introduced the company' s operation conditions, future development vision, major investment areas, key outcomes and successful cases in the safety production area, as well as Anxin-China' s real strengthens and edges in investment areas.

During the conference, both sides made a further discussion on investing the construction projects of Yingcheng development zone. Secretary Xi introduced the real situation about Yingcheng development zone, and stated that it was greatly significant to introduce Anxin-China' s investment edges and innovative business models; and thus, Yingcheng municipal government would provide preferential policies for Anxin-China to invest in Yingcheng. Here, Mr. Wangbo said Anxin-China would appoint a special

investment team to Yingcheng for the future business cooperation.

However, both sides made an agreement on preparing the following investigation and discussion, and acknowledged the truth that strengthened cooperation would create more benefits for Anxin-China' s business development and Yingcheng city' s safety production construction.
