

ANXIN-CHINA Opened up ChongqingSecurity Industry Market

May 17th, 2012.Chongqing City.The 15thChina international investment & global purchase conference, shortly called Yuqiaconference, was successfully held in Chongqing, China. On that afternoon, Chongqing Security Committee signed the potential cooperation agreement with ANXIN-CHINA, and started the safety productionemergency rescue system project in order to promote the security environment of Chongqing Province wholly.

Herein, ANXIN-CHINA highlightedYuqia conference with its ISD system and smart schoolbusproducts. Specifically, Liu Zhongkui as the CEO& chairman of ANXIN-CHINA attended this conference,simultaneoulsy signed several cooperation contractsconcerning more than 2.4 billion yuan with Chongqing security committee. Chongqing governmentdepartments expected to build a complete surveillance system covering 800 mineral occurrences, 2.2 thousand non-coal mines, and 500 thousand key surveillance corporations, so as to promote Chongqing's security conditions.Significantly, the accomplishment of thissigning ceremony means that ANXIN-CHINA has attained the ability and qualification to expand its business contents in China's Western City development and benefited people's daily life therein, making the largest contribution to realizingthe grand goal of "safe & smart western cities".
