

## **ANXIN-CHINA Spent 200 Million Yuan Purchasing Video Analysis Technology to Promote ISD System Market**

March 17t, 2012. Shenzhen City. ANXIN-CHINA Holdings Co. Ltd, signed the share purchase agreement with Infinity, Mango and Mate Intelligent Video Co. Ltd, in order to completely purchase the right to use Israeli advanced video analysis technology. Meanwhile, Infinity would also accompany ANXIN-CHINA to promote ISD's development in three Chinese cities through building one thousand monitoring sites. The involved trading volume also reached 29.841 million dollars.

Specifically, this purchased video analysis technology includes two American patents and another patent which is in the application process in the U.S., China and Israel. Those patents helped ANXIN-CHINA make the world-class advanced security products.
