

The 1st Shenzhen International Biotech Innovation Forum& Exhibition Successfully Closes

December, 25th, as a HK listed company with high social responsibility, ANXIN-CHINA Holdings Ltd, Co. highly values giving supports to some relevant industry. Recently, ANXIN-CHINA has just donated money to assist the opening of the 1st Shenzhen International Biotech Innovation Forum& Exhibition, simply in order to promote the development of biotech industry which can serve the citizens with a higher life quality.

In this biotech exhibition, a variety of professional experts and staffs from hospitals, universities, and research institutions were invited to talk about the future development directions of biotech field. Actually, within this means, ANXIN-CHINA can also promoted raise its brand visibility among the common citizens to a certain extent, and simultaneously brings the development of Shenzhen biotech industry to a new stage, both of which can contribute to the future business development of ANXIN-CHINA in Shenzhen.

Afterwards, ANXIN-CHINA will also support some more significant industrial exhibition, so as to make benefits as much as possible to all the Shenzhen Citizens.
