

ANXIN-CHINA Will Expand Its Market in Henan Province

On the afternoon of 6th, September, 2012. Luoyang, Henan. Liu Zhongkui as the CEO& chairman of ANXIN-CHINA, and Lin Shupeng as the executive director of ANXIN-CHINA went to visit the Luoyang City government, and then made a further conversation with Luoyang administration of work safety about the ISD system construction.

During the session, Mr. Liu demonstrated how the ISD system worked or protected people's safety. The city leaders spoke highly of this security product and said that Henan needed it to realize the systematized construction while managing all kinds of enterprises including dangerous chemistry product factories, major dangerous hazards, and so on. Anyway, this meetings sign that the ISD was expected to enter Henan security market as it has received the affirmation from the Henan government leaders. ANXIN-CHINA also deeply realized that the mature products and business model could help the company for a long-term development and it is time to expand business in Henan province.
