

Hao Zhizhong as the Deputy Party Secretary of Enshi City Visited ANXIN-CHINA

On the morning of June 8th, 2012. Shenzhen City. Hao Zhizhong as the deputy party secretary of Enshi City, and other colleagues visited ANXIN-CHINA. Herein, Wang Bo as the general manager of Hawell technology Co. Ltd of ANXIN-CHINA, introduced ANXIN-CHINA of development history, successful cases, product features and advantages, practice models and so on for those government leaders, who spoke highly of ANXIN-CHINA with security products. Hao Zhizhong as the deputy party secretary agreed with the working principle and mechanism of ANXIN-CHINA, and made the possible cooperation with ANXIN-CHINA to build a strong security surveillance command center to benefit people's daily life, through imitating the Ninxiang county emergency rescue command center. Altogether, this visit can largely promote ANXIN-CHINA to do a lot of achievements for Enshi city security production field, moreover, while ISD was used to benefit local citizens with the goal of building "smart city", ANXIN-CHINA could make more progress through the help & support from different government departments
