

Leaders from Hubei Province Administration of Work Safety Visited Anxin-China's ISD Base in Yingcheng, Hubei

The conference site.

(Yingcheng, Hubei-July 13th, 2013) Zha Yuanhong, the chief of Technological

Information Planning Department of Hubei Administration of Work Safety, accompanied other leaders from Hubei AWS, including Director Chen Shuhua, to visit Anxin-China 's ISD base in Yingcheng, Hubei for further investigation and study. Accordingly, Liu Hongxing the project director of Anxin-China sincerely received this team.

Specifically, the team went to Yingcheng ISD command center, and watched the whole platform operating demonstration by Anxin-China' s personnel. In addition, Mr. Liu Hongxing introduced the domestic marketing model of Anxin-China' s ISD system. Thus, Chief Zha Yuanhong spoke highly of the ISD construction as well as its practical applications, and stated that Anxina-China would be awarded as "Hubei Safety Production Platform Construction Corporation" .

However, such a successful investigation means a great approval and support for Anxin-China, to make preparations for further marketing plans in Hubei Province. 🌀
