

Leaders from Huaihua Administration of Work Safety Visited Changsha Ningxiang Anxin-China ISD Project

Ningxiang County, Changsha City-April. 24th, 2013. Director Huang Yongjian and Vice-director Li Shaojun as well as other leader, all of them coming from Hunan Huaihua City Hongjiang District Administration of Work Safety, visited Changsha City Ningxiang County ISD emergency rescue command center for further study and investigation.

The leader group from Huaihua City Hongjiang District Administration of Work Safety, in the accompanying of we Anxin-China representatives and leaders from Ningxiang County Administration of Work Safety, carefully listened to the introduction of ISD rescue command center personnel, deeply acknowledged functions and structures of ISD platform, watched the practical demonstration of ISD's main functions on site, and also communicated with each other about the high performances and application prospects of ISD system. Thus, with knowing those details, Director Huang spoke highly of Ningxiang ISD project base and highlighted that it was a very practically advanced product worthy of learning and studying.

Totally, this visit of Huaihua Administration of Work Safety leader group means another significant affirmation towards Anxin-China ISD, which could contributed much to ISD's promotion in Hunan Province.
